## Taking a Look.

The show windows of Rumman, Tucker & Co., are attracting no little attention from the little folks and from those whose hearts grow young at Christmas time. They have attractively arranged them with all kinds of toys and daily large crowds can be seen "taking a look."

Within their store room they have gotten together a splendid line of articles appropriate for gifts for all. Feeling that their stock will not suffer any by comparison with other stocks, they invite the inspection of the public.

## Young Men's Sunday.

One of the gatherings appreciated with much interest by the citizens of Paris is the "Young Men's Sunday," held under the auspices of the State Executive Committee of the Young Men's Christian Association of Kentucky. This annual event takes place next Sunday, the 13th inst., and the State Committee will be represented by Dr. J. A. Stucky, of Lexington, President J. C. Achson, of Caldwell College, Danville, Henry E. Rosevere, State Secretary, Thos. Johnson, of Lexington, and other speakers.

At 3:00 o'clock Dr. Stucky will speak to men only in the Court House on "The Prodigal Daughter." This address is said to be one of the very strongest ever delivered by the Doctor, and gives the fruitage of a long experience in dealing with a very important subject. The theme and the speaker insure a very crowded house. All men and boys over 15 are invited to the meeting.

At 7:00 o'clock a union service will be held in the Methodist church, to which everybody is invited. Rosevere will preside, and several short addresses will be made by the visiting speakers.

## Slightly Injured.

As a result of the engine breaking loose from the remainder of fast freight No. 51, Conductor Ben Parker and brakeman Houston Henry, of this city were slightly injured in an accident that occurred near Grant's tunnel, about ten miles south of Covington. Parker suffered a sprained wrist and was otherwise bruised while Henry sustained a fracture of two ribs.

Every article is suitable, durable and acceptable and would be a substantial ornament in any home. No trash sold. Pictures, leather couches and chairs, kitchen cabinets, Globe-Wernicke Elastic Cases, dining room sets, substantial toys, Morris chairs, Davenport, lamps, Pedestals, etc. In fact we have most anything you want. ## "LOVERS AND LUNATICS."

Joe Morris and half a hundred others in the musical novelty, "Lovers and Lunatics," the offering at the Paris Grand, matinee and night, Saturday, December 15, will be accorded a rousing reception at the opening performance, and crowded houses during the engagement. The comedy portion of the performance is said to be genuinely funny and free from every objectionable feature, while the singing and special features as announced should satisfy the most ardent lover of things musical. Joe Morris, the star of the organization, needs no introduction to those who are familiar with the names of successful stage favorites, and in this, his initial starring tour, his managers, Mittenthal Bros., have furnished him with a vehicle said to be especially suitable for his talents, and have surrounded him with a large company of sterling worth.

## The Fairbank's Boom.

Vice President Fairbanks is the only Republican that is making an organized effort to be the nominee of his party for President. Most of the old party leaders are in sympathy with him and the corporations would gladly see him in the White House. The political and corporation bosses are constantly at work to keep their hold on power, although they have been worsted in some states in the last two elections. The victory of the Republican machine in Pennsylvania and the virtual defeat of the anti-machine element in New York and New Jersey have given the bosses new heart. They point to Pennsylvania as a victory, and to New York as showing how uncertain is success without their management.

The Republican machine leaders would feel safe with Fairbanks and they point out to the corporations that the result of the elections in Colorado, Ohio, Indiana, Maryland, Delaware, West Virginia and other states, proves the power of money to overcome popular scruples against ring leaders, that otherwise would be helpless. Fairbanks will be the candidate of these elements, with plenty of "assistance" for the nomination and "all the money that is needed" to elect him. Nothing will please the Democrats better than to see him nominated, for they welcome the fight against corporation and ring domination.

## Will Restitution of Corporations Be Made.

The story is circulated in Washington that President Roosevelt demanded some time ago that Mr. Cortelyou, chairman of the Republican National Committee, and Mr. Bliss, the treasurer of the Committee, arrange to repay from the funds on hand \$148,000 received from the Life Insurance Companies for the campaign fund of 1904. These officials are reported to have obstinately refused to make restitution of the tainted money although there was over \$400,000 balance in the bank to the credit of the Committee. If the President feels so strongly that this tainted money, which rightfully belongs to the widows and orphans of the policy holders, should be returned, it would seem that he is in a position to cause restitution to be made by demanding that Mr. Cortelyou return the contributions. In case of refusal he can call for the resignation of Mr. Cortelyou as Postmaster-General and as chairman of the Republican National Committee, which would bring the matter to a climax. As nearly two years have elapsed without restitution being made of the large amounts of money, by the Republican politicians involved, it is difficult to believe that there is any real intention of making restitution of the tainted money.

There is another phase of this question, that even restitution will not efface, for it will be remembered that President Roosevelt denied that either he or Mr. Cortelyou had knowledge of any such campaign contributions from corporations, when Judge Parker charged before the election of 1904, that such contributions had been received. It will therefore require not only restitution of the tainted funds but also an apology to Judge Parker to clear up this noxious Republican mess. It would be pleasant to record that the Republican politicians, even while knowingly having received the tainted money, are willing to show fruit meet of repentance and in future when receiving similar contributions will insist that the appearance of evil shall be avoided.

## The American Minister Needs Protection.

Deacon Rockefeller is said to approve the calling of an English preacher for the New York Fifth Avenue Baptist church. Would not this laborer in the vineyard come under the same ban as other contract laborers imported? There certainly should be protection for the American raised minister against the pauper competitor from other countries if Mr. Rockefeller and the other Republican deacons are sincere in their standpoint.

## The Sentiment is Growing.

The growth of the sentiment amongst the voters of the country for the election of members of the United States Senate by the people is indicated by the fact that twelve of the new Senators who will be selected were nominated by the voters at the primaries. This is bound to affect the character of the Senate by removing its members further from the bosses and nearer to the people and in time must revolutionize the corporation and trust tinge of that body.

## Compel Them to Take Their Medicine.

The Republican love for the negro is evidently confined to the period just before election, for Ferdinand Barnett, colored, who was nominated for Judge at Chicago and elected on the face of the returns by some hundred of votes, has been counted out by the Republican canvassing board by an alleged majority of 304 and the certificate given to Thomas B. Lantry, Democrat. If Barnett was actually elected the Democrats should insist on his being installed in office, not only as a matter of justice, but to compel the Republicans to take their own medicine.

## Partisan Report.

American Consul Halstead at Birmingham, England, in his official reports to the Department of State seems very anxious to prove that British manufacturers show a general tendency to combine to keep up prices, but he does not say a word about the breakdown of the proposed Soap trust, in consequence of the evident determination of the British people not to submit to such trade combinations in any form. Three being no tariff protection in England to foster trusts an effective combine to increase prices is almost impossible, but such facts are never discovered by these Republican partisan consuls, which shows the standpoint of the present administration.

## Congressional Spelling.

There are indications of factional fight amongst the Republican members of Congress. These members who have been reelected taking strong grounds against the President's spelling reform and those members who were defeated for reelection warmly advocating that the country must stand by Roosevelt and his queer spelling be forced into use by the law and the free use of the big stick if necessary. Gen. Grosvenor heads those who uphold the President and their opponents are unkind enough to hint, that they are open to "somebody equally as good," as the reason they are willing to spend so much time revising their usual orthography which, by the way, is none too perfect.

### Will Quit Railroads.

"Back to the country road!" is the announcement made by the manager of the Barnum and Bailey circus. He is giving with next season automobile. He will be used to transport the show from place to place. For many years the expense of railroad transportation has been a source of growing alarm to circus proprietors. Several railroads have gone to the extremity of positively refusing to accept the business and others have made the rates so high circuses cannot travel on their lines with profit. The circus numbers 125 wagons and the average daily run is sixty miles.

### "Dandy Dixie" Minstrels.

At the recent Old Kentucky "Home Comers" gathering at Louisville, Ky., great reverence was paid to the memory of Stephen C. Foster, author of "My Old Kentucky Home." The people of the State whose name his gift of song has immortalized, rendered fitting tribute to his memory and unveiled the model of a Foster statue that is to adorn the new State Capitol of Kentucky.

Thousands of children, headed by bands which continuously played Foster's music, marched to the hall, where the model of the statue which is to be erected by their contributions, was unveiled. Within the hall twenty thousand persons were crowded to honor Foster. They cheered every mention of this name, applauded to the echo the rendition of his music, and showed the descendants of Foster who were present both in word and deed a keen and full appreciation of what his genius had wrought for Kentucky.

It would tax the ability of the most accomplished mathematician to estimate how many times that week the music of "My Old Kentucky Home" was heard in Louisville. Delegation after delegation from abroad has trooped through the streets behind bands that have informed everybody within hearing "The Sun Shines Bright in My Old Kentucky Home." The orchestras in the hotels and cafes imparted the same intelligence every few minutes, and people sung and hummed it in the streets. This beautiful ballad as well as all the old levee plantation song, together with the airs of all national anthems, and the class songs of all the leading universities, will be rendered in the great show which the "Dandy Dixie Minstrels" will bring. Paris Grand, Friday, December 21.

### The Hog Prospect.

The National Stockman says: "The demand for pork this year has astonished even the most sanguine friends of the hog. Both fresh and cured meats have been taken in large volume right along at prices which were so high that they were expected to check consumption. There are three reasons why this condition has existed and still exists. First is the prosperity of the South, a large consumer of cured meats. The Southern trade was never larger than it is today. Next is the growing foreign trade, which, like our own, seems to proceed regardless of price. And, finally the people of this country have learned to eat bacon. Its consumption is unprecedented in our history and is still growing. There has been no shortage in numbers of hogs, but a vastly increased demand. This why prophecies based on hog supplies have failed and are likely to fail in the future."

### A Genuine Hero.

A tale of heroism seldom unsurpassed was brought to the port at Providence, R. I., Wednesday by the tug Walter A. Luckenbach.

When every other man on board the tug declined to risk his life in an effort to rescue two men in the floundering barge Buena Ventura, which was in tow of the Luckenbach, Mitchell E. Bruso, a Greek seaman, stepped up to Captain John Dailey, and said that he would make the trip alone. In a small boat, at the height of a fierce northeast gale, Bruso rowed to the barge and rescued Captain Awaroud, who he found frozen to the top mast, and as soon as he had placed the helpless captain on board the tug without a moment's rest and covered with a coating of ice from head to foot, put out again and released Seaman Charles Martin, who was frozen to a floating hatch on which he had been carried away from the sinking barge. These two men of a crew of five, were the only ones to escape death.

The heroism of Bruso was looked upon by his shipmates as no less remarkable than his escape from death in the little boat which every moment seemed likely to be swamped by the mountainous seas.

### A Dog Game Warden.

The most useful dog in Oklahoma is owned by a deputy game warden there. It is against the law to ship game out of Oklahoma, and this dog is used by the deputy warden to "smell out" quail, prairie chickens and other game that is concealed in boxes and baggage and billed for outside points.

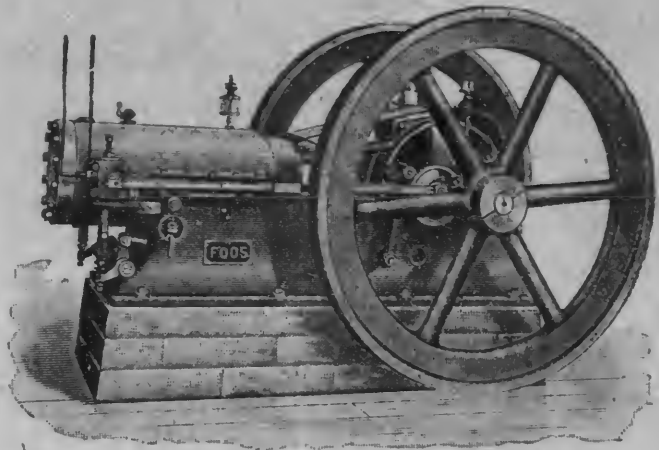

When the train stops at the station where the deputy lives he and his dog leap into the baggage car and then into the express car, and then they go through the train. The dog sniffs at every box and piece of baggage. If a game bird is inside he will come to point, just as he would if he were out in a field, and he will stand motionless and pointing his nose until his master has opened the box.

The dog never makes a mistake. It earns a pile of money for Oklahoma. Recently this dog discovered 20 quail which a Chicago man was trying to ship out. He had to pay a fine of \$1 apiece.

# FOOS GAS AND GASOLINE- ENGINES

Last longer and give better service than any engine on the market. Why? Because only the best material and workmanship that money can buy are used in their construction. They are the most accessible, simplest and easiest to operate of any engine sold today.

A few of the superior points are: The governor, with which you can change the speed while running. Economy of fuel, due to the construction of the valves and positive action of the governor. The igniter, which makes a spark one-half inch long; will start the engine on the first turn and is guaranteed not to foul. The balance weights on the crank shaft instead of on the fly wheels, which insure steady running and minimum of wear on the bearings. The lubricating system, and lots of others that we will tell you about if you will just give us a chance. We have samples on the floor and can give you a demonstration any time.

We also carry in stock a full line of Belle City and Ross Feed Cutters, the best of their kind. Kemp Manure Spreaders, Vehicles, Wagons, Implements, Seeds, Coal, Salt, etc. You need our goods and we need your money. Give us a call.

The two course meat lunch was served in the characteristic style of Mrs. T. D. Judy, that admits of no mistake. Sphar-Goff Wedding.

The First Baptist Church, in Winchester, was the scene of a most brilliant affair Wednesday evening, when Miss Elizabeth Browning Sphar and Mr. Benjamin Douglass Goff were united in the holy bonds of matrimony. The impressive ceremony was performed by the Rev. B. B. Bailey.

The charming bride was attired in a splendid lace robe and carried a beautiful shower bouquet. Her sister, Miss Margaret Sphar acted as Maid of Honor and Mrs. Wm. Sphar as Matron of Honor.

The church was artistically decorated with green foliage and Saxton's orchestra furnished the music.

The lovely dresses of the bridesmaids were made round length with accordion plaited skirts. They wore shoes and gloves to match the magnificent American Beauty roses which they carried. Mr. James Buckner, of Paris, acted as best man.

The attendants were: Misses Elizabeth French, Phoebe Beckner, Clay Croxton, Florence Winn and Sue Buckner, of Paris, and Messrs. Will Sphar, Chas. Strother, V. W. Bush, Wm. French, R. W. Rounsavall and Jake Gay. The couple left on C. & O. fast train for extensive eastern trip.

Both of the contracting parties are well known in society circles in this county, where they have frequently visited.

## "Lovers and Lunatics."

The Ledger-Dispatch, Norfolk, Va.,  
says:

The Granby was packed to the doors  
with them last night, and they gave by  
sight and sound evidence that they  
were pleased, from the rising of the  
curtain upon fourteen pretty girls in  
scarlet, with green underpinnings until  
the end.

"Lovers and Lunatics" is worth  
while. It really is what it is put down  
on the bills—a dainty musical farce.  
There are several good ones among  
the company, and the bits of music,  
with which the drama is interspersed,  
lighten it up very pleasantly. Joe  
Morris, the star, as 'Ikey Rosenstein,'  
is very diverting. He is more than  
that, he is entertaining. The company  
is very large and all join in perfect uni-  
son to send the play along with spirit.  
Nothing drags, there are no lags and  
there are no dull spots.

"The play is splendidly dressed and  
mounted. Light, joyous and without  
purpose but to amuse innocently, the  
play pretends to be and is. If there is  
anyone who has a couple of idle hours  
this week, they can dispose of to ad-  
vantage at the Granby.

"So many things happen during the  
evening that it is useless for anybody  
to try to tell about them. The cheap-  
est thing and the quickest is for those  
who want to know to go."

This excellent attraction is to appear  
at the Paris Grand Saturday, December  
15, for two performances, matinee and  
night.

## New Railroad System.

The block system of operating trains  
has been adopted and partially install-  
ed on the South end of the local divi-  
sion of the L. and N. The freight and  
passenger traffic has grown to such  
proportions that the block system be-  
came a necessity. It has already been  
established between Winchester and  
Richmond and Wildie and Sinks, and  
by January 1st the whole South end  
will be fully provided with this safe-  
guard.

# BON N

AND FRIDAY IN THE YEAR.

## Important Decision.

In a decision handed down Wednes-  
day at Owensboro, Judge Barkhead  
held that a tobacco grower who pools  
his crop with the American Society of  
Equity has no right to sell his tobacco  
except with the consent of the Society.  
He granted the injunction asked to re-  
strain the sale in question.

## An Eagle Carries Boy Off.

A four-year-old boy was playing in  
front of his parents' hut at Varallo,  
Italy, when an eagle suddenly swooped  
down and carried him off. The parents  
alarmed the villagers and a chase was  
begun. The eagle was seen to alight  
on the summit of a high mountain  
some miles away with his burden safely  
in his beak. No trace of boy or eagle  
has been discovered since, al-  
though fully 100 mountaineers spent  
three weeks continuously searching on  
the mountains.

## May Still Practice.

Judge Beckner, of Winchester,  
promptly executed a supersedeas bond  
preparatory to appealing to the higher  
court from the decision of Judge Har-  
ris, which suspended him from the  
practice of law for two years, and the  
question arose as to whether he could  
practice while the case was pending in  
the Court of Appeals. Judge Benton  
took the matter under consideration  
and decided that the decision of Judge  
Harris does not become operative until  
the matter shall have been decided in  
the Court of Appeals and, in the mean-  
time, he may practice his profession in  
all the courts of the State.

## Record Price For Cattle.

At the big Chicago Stock Show the  
grand championship load of cattle,  
consisting of fifteen steers with an  
average weight of 1,438 pounds, was  
sold to a New York meat company for  
seventeen cents a pound on the hoof.  
This establishes a new record for fif-  
teen head load of steers. The cattle,  
which were Polled-Angus, two-year-old  
steers were bred and fed by Jacob  
Funk, of Bloomington, Ill.

## Christmas Money.

State Superintendent Fuqua has  
mailed checks aggregating \$655,000 to  
the various County School Superinten-  
dents for the benefit of the teachers of  
the country schools. This will be fol-  
lowed next week by \$150,000 to the city  
schools. These represent one-third of  
the largest single payment ever made to  
teachers in the history of the State.

miles from Carlisle. Tract of 278 acres

## Harris Cases Continued.

In the Circuit Court at Lexington  
Wednesday the cases against the Har-  
gises and Ed Callahan, charged with the  
murder of James Cockrell, were con-  
tinued to the next term as no de-  
cision has yet been handed down by  
the Court of Appeals on the appeal  
taken by the Commonwealth's Attor-  
ney in these cases after the last trial  
over a year ago.

## Total Production of Cotton.

The Department of Agriculture es-  
timates the total production of cotton in  
the United States for the present year  
at 6,001,726,000 pounds, equivalent to  
12,546 bales of 500 pounds gross  
weight.

## Soaked the Trusts.

The American Sugar Refining  
Company and the Brooklyn Cooperage  
Company both pleaded guilty to the ac-  
ceptance of rebates on sugar in the  
United States Court in New York Wed-  
nesday. Judge Holt fined the Sugar  
Refining company \$80,000 and the  
Cooperage Company \$70,000.

## Official Returns.

The official returns in New York  
show that Hughes' plurality over  
Hearst is 57,973. The entire Demo-  
cratic State ticket with the exception  
of Hearst was elected by pluralities  
ranging from \$,000 to 14,000.

## Shows Advance in Bourbon Land

Mr. Frank P. Bedford, of Elizabeth,  
bought of Mrs. Maria Bedford, 35  
acres of land adjoining his farm, at  
\$100 per acre. This gives Mr. Bedford  
900 acres in one tract of as fine land as  
there is in the bluegrass region.

As evidence of the great advance in  
the value of Bourbon land, Mr. Bed-  
ford bought, in 1889, seventeen years  
ago, a tract of land adjoining the above  
mentioned parcel, at \$42.50 per acre.  
This land today would bring \$100 per  
acre.

## Society of Equity.

The American Society of Equity met  
at the court house Tuesday afternoon  
at 2 o'clock with an attendance of  
about twenty-five interested farmers  
present. The meeting was called to  
order by President John A. Larue, who  
reviewed the organization in this  
county, the work already accomplish-  
ed and that which remains to yet be  
done.

Capt. James R. Rogers addressed the  
meeting and urged upon the tobacco  
growers of Bourbon county the im-  
portance of taking advantage of the  
present opportunity to make the Bourbon  
branch of the society a success.

Mr. Larue states that the tobacco  
acreage of Bourbon county was some-  
thing more than 5,000 acres and that it  
was desired to sign up at least 50 per  
cent of the crop.

He said the work was progressing  
nicely, one hundred acres being signed  
for at North Middletown. It appeared  
from the record that Centerville and  
Hutchison precincts were without rep-  
resentation and the following were ap-  
pointed:

For Centerville—Jerry Sullivan, Vol  
Ferguson and Chas. B. May.  
For Hutchison—S. B. Burbridge, J.  
S. Willmott and James E. Gray.

## "DO IT TO-DAY!"

"And to think that ten months ago I looked like

"The time-worn injunction, 'Never put

form: 'Do it to-day!' That is the terse  
advice we want to give you about that

which you have been struggling for sev-  
eral days, perhaps weeks. Take some  
reliable remedy for it to-day—and let  
that remedy be Dr. Boschee's German  
Syrup, which has been in use for over  
thirty-five years. A few doses of it will  
undoubtedly relieve your cough or cold,  
and its continued use for a few days will  
cure you completely. No matter how

## "Lovers and Lunatics."

The Ledger-Dispatch, Norfolk, Va.,  
says: "The Granby was packed to the doors  
with them last night, and they gave by  
sight and sound evidence that they  
were pleased, from the rising of the  
curtain upon fourteen pretty girls in  
scarlet, with green underpinnings until  
the end.

"Lovers and Lunatics" is worth  
while. It really is what it is put down  
on the bills—a dainty musical farce.  
There are several good voices among  
the company, and the bits of music,  
with which the drama is interspersed,  
lighten it up very pleasantly. Joe  
Morris, the star, as 'Ikey Rosenstein,'  
is very diverting. He is more than  
that, he is entertaining. The company  
is very large and all join in perfect  
unison to send the play along with spirit.  
Nothing drags, there are no lags and  
there are no dull spots.

"The play is splendidly dressed and  
mounted. Light, joyous and without  
purpose but to amuse innocently, the  
play pretends to be and is. If there is  
anyone who has a couple of idle hours  
this week, they can dispose of to ad-  
vantage at the Granby.

"So many things happen during the  
evening that it is useless for anybody  
to try to tell about them. The cheap-  
est thing and the quickest is for those  
who want to know to go."

This excellent attraction is to appear  
at the Paris Grand Saturday, December  
15, for two performances, matinee and  
night.

by January 1st the whole South end  
will be fully provided with this safe-

## Important Decision.

In a decision handed down Wednes-  
day at Owensboro, Judge Barkhead  
held that a tobacco grower who pools  
his crop with the American Society of  
Equity has no right to sell his tobacco  
except with the consent of the Society.  
He granted the injunction asked to re-  
strain the sale in question.

## An Eagle Carries Boy Off.

A four-year-old boy was playing in  
front of his parents hut at Varallo,  
Italy, when an eagle suddenly swooped  
down and carried him off. The parents  
alarmed the villagers and a chase was  
begun. The eagle was seen to alight  
on the summit of a high mountain  
some miles away with his burden safe-  
ly in his beak. No trace of boy or  
eagle has been discovered since, al-  
though fully 100 mountaineers spent  
three weeks continuously searching on  
the mountains.

## May Still Practice.

Judge Beckner, of Winchester,  
promptly executed a supersedeas bond  
preparatory to appealing to the higher  
court from the decision of Judge Har-  
ris, which suspended him from the  
practice of law for two years, and the  
question arose as to whether he could  
practice while the case was pending in  
the Court of Appeals. Judge Benton  
took the matter under consideration  
and decided that the decision of Judge  
Harris does not become operative until  
the matter shall have been decided in  
the Court of Appeals and, in the mean-  
time, he may practice his profession in  
all the courts of the State.

## Record Price For Cattle.

At the big Chicago Stock Show the  
grand champion load of cattle,  
consisting of fifteen steers with an  
average weight of 1,438 pounds, was  
sold to a New York meat company for  
seventeen cents a pound on the hoof.  
This establishes a new record for fif-  
teen head load of steers. The cattle,  
which were Polled-Angus, two-year-old  
steers were bred and fed by Jacob  
Funk, of Bloomington, Ill.

## Christmas Money.

State Superintendent Fuqua has  
mailed checks aggregating \$655,000 to  
the various County School Superin-  
tendents for the benefit of the teachers  
of the country schools. This will be fol-  
lowed next week by \$150,000 to the city  
schools. These represent one-third of  
the largest single payment ever made  
to teachers in the history of the State.

## Hargis Cases Continued.

In the Circuit Court at Lexington  
Wednesday the cases against the Har-  
gises and Ed Callahan, charged with  
the murder of James Cockrell, were  
continued to the next term as no de-  
cision has yet been handed down by  
the Court of Appeals on the appeal  
taken by the Commonwealth's Attor-  
ney in these cases after the last trial  
over a year ago.

## Total Production of Cotton.

The Department of Agriculture es-  
timates the total production of cotton in  
the United States for the present year  
at 6,001,726,000 pounds, equivalent to  
12,546 bales of 500 pounds gross  
weight.

## Soaked the Trusts.

The American Sugar Refining  
Company and the Brooklyn Cooperage  
Company both pleaded guilty to the ac-  
ceptance of rebates on sugar in the  
United States Court in New York Wed-  
nesday. Judge Holt fined the Sugar  
Refining company \$80,000 and the  
Cooperage Company \$70,000.

## Official Returns.

The official returns in New York  
show that Hughes' plurality over  
Hearst is 57,973. The entire Demo-  
cratic State ticket with the exception  
of Hearst was elected by pluralities  
ranging from \$,000 to 14,000.

## Shows Advance in Bourbon Land

Mr. Frank P. Bedford, of Elizabeth,  
bought of Mrs. Maria Bedford, 35  
acres of land adjoining his farm, at  
\$100 per acre. This gives Mr. Bedford  
900 acres in one tract of as fine land as  
there is in the bluegrass region.

As evidence of the great advance in  
the value of Bourbon land, Mr. Bed-  
ford bought, in 1889, seventeen years  
ago, a tract of land adjoining the above  
mentioned parcel, at \$42.50 per acre.  
This land today would bring \$100 per  
acre.

## Society of Equity.

The American Society of Equity met  
at the court house Tuesday afternoon  
at 2 o'clock with an attendance of  
about twenty-five interested farmers  
present. The meeting was called to  
order by President John A. Larue, who  
reviewed the organization in this  
county, the work already accomplish-  
ed and that which remains to yet be  
done.

Capt. James R. Rogers addressed the  
meeting and urged upon the tobacco  
growers of Bourbon county the impor-  
tance of taking advantage of the pres-  
ent opportunity to make the Bourbon  
branch of the Society a success.

Mr. Larue states that the tobacco  
acreage of Bourbon county was some-  
thing more than 5,000 acres and that  
it was desired to sign up at least 50 per  
cent of the crop.

He said the work was progressing  
nicely, one hundred acres being signed  
for at North Middletown. It appeared  
from the record that Centerville and  
Hutchison precincts were without rep-  
resentation and the following were ap-

**Effect of Church and State Law**

The Church and State separation law in France went into effect yesterday. Under the statute all church salaries heretofore paid by the State will be Annual appropriations of \$8,500, for religious purposes will be cut. Churches, chapels, convents, etc., belonging to religious congregations will be confiscated.

Some of these edifices will be held by syndicates of laymen and private individuals. Where public worship associations are formed during the year, churches and other buildings will be turned over to them, and at the end of the year the State may assume charge.

Officials must be notified of the intention to hold services and, as the custodians of the churches, they are to rent them.

The Vatican has ordered non-compliance with the law, because it is impossible for the Pope to place religious services on a plane with public meetings.

but so far as I am able to judge, consider it a very religious play. And having heard and read the history of the participants in the original play at Ober-Ammergau, I feel sure that many a person has been helped spiritually by the actors and the play itself. I first witnessed this play at Versailles, Ky. It was produced by the Rev. R. H. Crossfield, pastor of the Christian Church at Owensboro, Ky. **GEO. W. SHEFFEN,** Asst. Sec'y Y. M. C. A.

Lexington, Ky., Dec. 11, 1906. I will state to the public that I have known Mr. A. L. I endorse Mr. Greene as reliable, honorable and trustworthy and any undertaking he may present will be just as represented.

To All Concerned: I have seen the Passion Play of Ober-Ammergau as given by Mr. A. Lewis Greene, of this city. I consider the play very impressive and there is nothing at all irreverent or sacrilegious in it. I saw the play in Ober-Ammergau in 1900, and there it is not considered a play, but an act of worship. Yours truly, **J. M. DUFF.**
